

2006 Pheasant Stocking Information

In an effort to reduce costs, the Department is no longer publishing the *Special Pheasant Hunting Regulations*. Regulations related to pheasant hunting can be found within the *2006 Small Game Hunting Regulations*. This publication contains a listing of public hunting grounds that may be stocked with pheasants this fall. The Department plans to stock approximately 70 public hunting grounds with game farm pheasants during the 2006 fall pheasant season. Maps of selected public hunting grounds can be found on the website dnr.wi.gov or by visiting your local DNR Service Center. Before hunting pheasants on public hunting grounds, be sure to check the regulations for special requirements that apply including: 2pm closure areas, hen-rooster hunting, or requirement of a pheasant stamp.
